ONE GIANT LEAP

Mutant interplanetary spy **Abigail Brand** resigned from command of **Alpha Flight**, feeling that she -- and the interstellar response force as a whole -- wasn't being properly utilized. Meanwhile, the mutant nation of **Krakoa**, as part of an epic adventure in Otherworld, liberated and repowered the abandoned **S.W.O.R.D. space station**.

Krakoa had Brand's email.

Brand had some ideas.

Welcome to the mutant space program.
